2. Hurry on home yeah this candle's still burning
 It's only three weeks you've been gone
 And I'm tired of your journey
 These letters you write
 They keep me up through the night
 And when I sleep
 Your scent is in my sheets

3. Hurry on home yeah I know what we agreed
 That we need time alone
 You said you needed time away from me
 But I forgot what it's like
 To sleep alone through the night
 And I forgot how you breathe
 When you sleep next to me
 Hurry on home
