Lyrics: Last call in the bar — Didn't think it would happen tonight

Lyrics: Too drunk for-get the car — Didn't think it would happen tonight One of us got to say the line I

Lyrics: guess it's me — your place or mine Walked for miles your hand devine Didn't think it would happen tonight

Last call in the bar
Didn't think it'd happen tonight
Too drunk, forget the car
Didn't think it'd happen tonight
One of us got to say the line
I guess it's me, your place or mine
Walked for miles, your hand divine
Didn't think it'd happen tonight

Jesus Christ, now what's his name
Didn't think it'd happen tonight
Concentrate, it wasn't Wayne
Didn't think it'd happen tonight
Whoever you are, I like your hands
I like your smell, I like your stance
I like the fact that you're a man
Didn't think it'd happen tonight

Keys left in the door
Didn't think it'd happen tonight
Clothes left on the floor
Didn't think it'd happen tonight
I don't care if the neighbors cuss
I found your hips you found the thrust
We found the bed now, good for us
Didn't think it'd happen tonight

Ex-boyfriend comes along
Didn't think it'd happen tonight
Sees the keys thinks something's wrong
Didn't think it'd happen tonight
Walks inside guess what he saw
You and me, ooooh la la
Oh my god, ménage a trios
Didn't think it'd happen tonight
