1. She got the summer dress
No surprise
She don't look like a model
But feels like one inside
And you could never tell
She's one to get the guys
Cause she just loves to let them ride

2. He's got the boyish looks
& the Flip Flop shoes
He knows turning heads
He's a walking fuse
He thinks he sees a spark
So he will make his move
And she'll just loves to let him ride

He unzippes her dress
The fabric falls aside
He pulls her body close
She says now 'take your time'

3. Now it's Christmas time
She's buying peppermints
But what still catches his eye
Is that sway of her hips
She says, 'What's you lookin' at so long'
He says let's do it again
Cause he just loves to let her ride
